

# Digital Citizenship & Information Literacy for K12

## Professional Development Mini Series Online

Three online sessions over three consecutive days:

**June 2nd**

**June 3rd**

**June 4th**

all starting at **4:00pm** and lasting **40** minutes each

### TMI (Too Much Information)?

Students and teachers have access to almost **unlimited** amounts of information through our connected world. This has created amazing **opportunities** and **challenges**. This **FREE** mini professional development series will support teachers in our efforts to integrate the students personal interest into the core curriculum as well as consider how to provide a digital balance in the classroom. Each online session will last 40 minutes and will include Q&A time.

To sign up please fill out the linked form and submit 48 hours prior to the online session.
